MIDDLETOWN, DEL.

SATURDAY MORNING, JUNE 11, 1870.

DEMOCRATIC MEETING.

The Democratic Meeting at the Town Hall, on Saturday night last, was largely attended, and among those present were a number of Republicans, who gave to the speakers respectful attention.

The meeting was organized by calling Charles Beasten, Esq., of Odessa, to the Chair, and appointing Wm. N. Wilson and John Cochran, Esqrs., Secretaries.

The Chairman, after a few pertinent remarks, returning thanks for the honor conferred upon him, introduced to the large assemblage Hon. Michael C. Kerr, of Indiana, who addressed the meeting for about an hour and a half upon the leading issues of the day.

After a few introductory remarks, Mr. Kerr entered upon the discussion of the leading topics, now being pressed upon public attention through Congressional legislation. He said there was so much to speak of, so many subjects which the public desired to hear discussed, that it was difficult to determine where to begin. He reviewed the general policy and the prominent legislative acts of the Radical party in Congress, and dwelt at length on the provisions of the bill recently passed, enforcing the 15th amendment, exposing its real intent and meaning, and showing up its discriminations in favor of the negro and against the white race.

In his peroration the speaker, after earnestly and eloquently urging his hearers to go to the ballot-box and cast their ballots against the whole Radical policy, but particularly against their special legislation in behalf of the negro race, gracefully turned to the ladies, a number of whom were present in the Hall, and said, if any gentleman was in doubt as to the course he should pursue, in this grave and important crisis, let him take counsel of the ladies, and he would not long remain in doubt, as the ladies were nearly unanimous in their opposition to the degrading and levelling influences of Radical legislation on the subject.

Mr. Kerr addressed himself to the reason, not to the passions of his auditors, and his remarks were unexceptionable to the Republicans present, who were treated with all due courtesy and respect, throughout his faithful portrayal of the evils resulting to the country through the policy of the dominant party. His address elicited the most hearty demonstrations of applause.

At the close of Mr. Kerr's remarks, H. A. Nowland, Esq. moved that the thanks of the meeting be tendered to the Honorable gentleman from Indiana, for his very able and eloquent address, which motion was carried, *nem. con.*

Hon. B. T. Biggs next addressed the meeting in his usual earnest and effective manner. He alluded to the effect of Sumner's proposed bill forcing the negro into the public schools, the hotels, restaurants, churches and cemeteries, and made an earnest and impassioned appeal to his constituents to do their best to arrest this reckless course of legislation, degrading in its character, and threatening the direst consequences to society. He also alluded to the internal revenue and the tariff, showing the importance of repealing the one and modifying the other. He ran a parallel between the British and American tariffs, and showed that the former had driven our commerce from the ocean, and had proved ruinous to many important branches of industry, destroying ship building, and driving our gallant tars into other pursuits, for a livelihood. The remarks of Mr. Biggs were received with hearty rounds of applause.

At the close of his speech, Mr. John Cochran moved a vote of thanks to the Townsend Brass Band, which was voluntarily present and enlivened the occasion with spirit-stirring airs. The meeting then adjourned.

DEMOCRATIC NOMINATION.—The Democrats made their nomination for Sheriff and Coroner, on Saturday, there being an animated contest throughout the county. It resulted in the nomination of James Armstrong, of White Clay Creek, for Sheriff, and Daniel B. Woodward, of Wilmington, for Coroner. The vote was large.

The Republican party met in convention at Dover, on Thursday last, and nominated Thomas B. Coursey, Esq., of Kent county, as their candidate for Governor, and Joshua T. Heald, Esq. of Wilmington, as their candidate for Congress.

The Delaware Gazette says, that Daniel B. Anderson, the negro delegate elected in Wilmington to the Dover Republican Convention, did not go to Dover, Thursday, because of the interference of the league.

Why didn't the Sussex Journal credit the Middletown Transcript, when it published the story of "The Unburied Corse?"

It has been urged by some persons who have become dissatisfied with the Republican party since its affiliation with the negroes, that a new party should be formed, with a new name, and new organization, so that all might start fair, upon terms of equality, and that there might be no discrimination between members of the new party, all having an equal chance for preferment.

We have been reminded, by gentlemen familiar with the course the Democratic party in Delaware, that it has never discriminated against those gentlemen who have come to it, in good faith, from other political organizations; that they have fared as well, in the dispensing of the honors and emoluments of office, as the old Democrats themselves. In proof of this, they refer to the following officers, elected and appointed, who formerly belonged to the Whig party in this State:—Richard E. Cooper, Prothonotary; Benjamin R. Ustick, Clerk Orphans' Court; Benjamin Gibbs, Register of Wills; Hon. B. T. Biggs, Representative in Congress; Jacob B. Deakyne, member of Legislature; Wm. Polk, G. E. Rothwell, Levy Court Commissioners; S. C. Biggs, Rathmel Wilson, R. A. Cochran, Senators; John A. Reynolds, Notary; DeWitt C. Walker, Justice of the Peace; John Z. Crouch, Notary; James H. Ray, Wm. McEwen, Josiah Ridgeway, Notaries; Ex-Governor Temple, member of Congress, elect; Jas. Heverin, Prothonotary, Dover. Others, no doubt, could be added to the above list, showing conclusively that the Democratic party has not discriminated against gentlemen from other parties who have come to it in good faith. Nor is it likely that it will do so now, when so many gentlemen of opposing organizations are looking to it for ultimate deliverance from a course of policy which they abhor and detest, and when all other issues seem to be swallowed up in the great leading issues which the Radicals have recently forced upon the country.

Hitchcock's Analysis of the Bible.

Our town is now being canvassed for this great and labor-saving work in the study of the Bible, by the agent for this county, Mr. W. Wallace Wood.

It comes strongly recommended both by the Pulpit and the Press, from all parts of the country.

From testimonials from our clergymen and others, published below, too much cannot be claimed for it. We have examined the work and find it to be a complete guide to the study of the Bible. It is economy to purchase such a work, as it fills the place of six books, containing the Holy Bible, topically arranged; Cruden's Concordance, Life of Christ, History of the Jews, Pronouncing and Interpreting Dictionary, History of the Bible, Dictionary of Religious Denominations in the World, &c., &c. An Alphabetical Index of subjects enables the reader to turn readily to any subject desired, when all the verses of the Bible bearing on the subject will be found. Mr. Wood will call upon our citizens and take pleasure in showing the work. We bespeak for it a large sale. Read the testimonials:

Middletown, Del. June 3, 1870.

I am well acquainted with Dr. Hitchcock's reputation and ability, and have full confidence in the work which he has prepared, entitled "Complete Analysis of the Holy Bible," and commend it to those who would study intelligently the Sacred Scriptures. JOHN PATTON,
Pastor of Forest Presbyterian Church.

Middletown, Del. June 3, 1870.

Without hesitation I heartily commend Hitchcock's work, as a most complete analysis of the Bible. H. COLCLAZER,
Pastor of M. E. Church.

Rectory St. Ann's Church, Middletown, Del. June 3, 1870.

Prof Hitchcock's work, "New and Complete Analysis of the Holy Bible," needs no recommendation at my hands. It seems to be complete in every particular, and must be a valuable auxillary both to the student, and the ordinary reader of the word of God.
JOHN COLLINS MCCABE, D. D.

I have examined "Hitchcock's Analysis of the Bible, and find it a first-class work. It is really *multum in parvo* in the study of the Bible. Several works in library I can now dispose of, having no further use of them, as this work covers the whole ground. I can most readily recommend it. W. G. HILLMAN,
Pastor of Grove Pres. Church, Aberdeen.

Princeton, N. J. March 1, 1870.

Hitchcock's Analysis of the Bible is executed with great care, and fully accomplishes the end designed by it. It is fitted to give valuable aid to all who would search the Scriptures, and know what they say on all topics, doctrinal and practical bearing on the faith and duty of mankind. REV. JAMES M. CASH, D. D.
President of New Jersey College.

Saint Georges, Del. April 21, 1870.

The value of Hitchcock's Analysis cannot be over estimated. I commend it to those would study the Bible and know what it contains.
Rev. D. J. Beale,
Pastor of St. Georges Presbyterian Church.

A meeting of influential gentlemen has been held in Montreal to take preliminary steps towards some action upon the subject of the late Fenian raid. A strong feeling prevailed that President Grant deserves no thanks for his management of the matter, and the British Minister at Washington is condemned for having given him any.

A motion to elect a King by a direct vote of the people has been rejected in the Spanish Cortes. It was decided that a majority of the whole number shall be necessary to elect. This is regarded as deciding the fate of the claims of Montpensier and all the other candidates named so far. There is much excitement prevailing.

Seventy-five Chinamen left San Francisco on Thursday for Massachusetts, to work in a boot and shoe factory.

LOCAL AND STATE AFFAIRS.

THE P. E. CONVENTION, DIOCESE OF DELAWARE.—On Wednesday morning, 1st inst. the Episcopal Convention met in Christ Church, Dover, at 9 o'clock, Bishop Lee presiding. After organization the convention took a recess for divine service. Morning prayer was read by Rev. Chas. S. Spencer, Rector of Immanuel Church, New Castle, and the Rev. George Latimer, Rector of Calvary Church, Wilmington. The Rev. Joshua Morsell, D. D. Rector of St. Peter's Church Smyrna, preached the Convention Sermon from a part of the 12th verse of the 11th chapter of Romans: "The work of the Ministry." The Holy Communion was administered by the Bishop, assisted by the Rev. Dr. Clemson. The offertory was appropriated to the Fund for Infirm and Disabled Clergy. In the afternoon, the Bishop read his annual address. He said that though the Diocese was small in extent, yet it was gradually and steadily increasing in interest. He lamented the changes among the clergy during the past year, at one time no less than eleven parishes being without a minister, but this has been remedied, so that but few are unsupplied at present. He then gave a full and detailed account of his official acts during the year, and spoke of the aid received in a pecuniary respect, by the poorer parishes of the Diocese, from missionary societies, which were organized according to resolution of last Convention. The Rev. Mr. Littell proposed the following, as a new canon, (to be known as canon XVI); *of the Registrar.* A Registrar shall be chosen annually by the Convention, whose duty it shall be to preserve copies of its journals, and all other publications and documents relating to the history of this Diocese. He shall also keep a record of historical donations &c. The proposed canon was reported upon favorably, and Rev. T. Gardiner Littell elected Registrar for the ensuing year. The Missionary and Education Committee reported an encouraging increase of the contributions for Church Extension in the Diocese during the past year. Successful meetings have been held by the Young Men's Association, of New Castle county, and collections made to aid the Church buildings, in progress at Harrington and Millsboro. The receipts have been $743,76. Mr. William J. Fell gave notice of a resolution to alter canon XI "*of the Vestry of a Church,*" so that the vestry shall annually, at their first meeting after their election, choose one of their number to be Church, or Accounting Warden, and the Rector for the time being, shall appoint another of the said Vestrymen, to be the Churchwarden, generally styled the Rector's Warden.

At 8 P. M. there was a very interesting missionary meeting, addressed by the Bishop, Rev. Messrs. J. L. McKim, G. A. Redles, Rev. Dr. Clemson, and William T. Reed, Esq. On motion of Mr. Gregg Chandler, 400 copies of the journal were authorized to be published. The thanks of the Convention were tendered to the Rector, Wardens and Vestry of Christ Church, for the use of their church, and to the citizens of Dover and vicinity for their kindness and hospitality. After the reading of the minutes of the evening session, the Gloria in Excelsis was sung, the Bishop pronounced the benediction, and declared the Convention adjourned *sine die.* The next session of the convention will be held at St. Peter's Church, Lewes, Delaware, on the first Wednesday in June, 1871.

A Kennedyville correspondent sends us the following:—On Monday last the fireman of the Thomas Clayton, running on the Kent Co. Rail Road, was away on a visit and two young mechanics of Kennedyville, undertook to fire up for the engineer. They did their work very well till the train arrived at Massey's. At that place the engineer got off the engine for the purpose of walking around and stretching his legs. Both of the young men stayed on the engine. Presently the steam began to rise and while they were anxiously watching the gauge and wishing for the engineer to come back, suddenly the steam began puffing out of one of the valves which so scared our young friends that they both jumped off the engine and started to runaway. One of them, had he not met the engineer, would not have stopped this side of Sussex county. Nothing was wrong, however, and they got on board again and had a hearty laugh over it.

The Kent Lodge of Odd Fellows will have a grand demonstration and reunion at Galena, on Wednesday next, 15th of June, to which the public generally are invited. At 10 30 A. M. a procession will be formed and march through the town, headed by Ritchie's Brass Band. Addresses will be delivered by Grand Master A. L. Spear, and Grand Secretary, Jos. L. Ridgely, and Grand Secretary, Joseph B. Escaville. Dinner will be served at 1 o'clock, tickets 75 cents. Supper at 5 30, tickets 50 cents. An election will be held for a Queen of Love and Beauty. The days entertainment to conclude with a Cotillion upon a spacious platform. Tickets admitting a Lady and Gentleman 50 cents.

A grand ratification of the adoption of the fifteenth amendment took place at Cecilton, Cecil county, Md. on Monday last. Two bands of music and about 1500 negroes were present. Good order was preserved, and the meeting was addressed by Wm. P. Ewing and John E. Wilson, of the Cecil Bar, and by Professor J. Howard Day, the colored orator. There was a large attendance from this neighborhood, it being Whitsuntide, and business generally suspended on account of the holidays.

A horse and carriage belonging to Mr. B. P. Hanson, was cut loose from a hitching-post in front of St. Ann's Chapel, in Middletown, on Sunday night last, during divine service in the Chapel, and driven several miles into the country, opposite the residence of the late Spencer Holton, where they were found about midnight, having been abandoned in the road by the party taking them from the Chapel. The horse seemed to have been driven hard.

We received on Saturday last, several baskets of very large and fine Lady Finger Strawberries, from Mr. Henry R. Walker, of Sassafras Neck, Cecil county, Md. Also, on Monday last, from Mr. A. H. Hushabeck, of this town, several baskets of fine large Agriculturalist Strawberries. We return our thanks to both these gentlemen for their very acceptable favors.

John P. Springer, Esq. of Wilmington, has received the appointment of Clerk of the Peace, for New Castle County, vice Dr. John Merritt, whose term expired on Saturday. Mr. Springer is a very courteous gentleman, and will doubtless make a very efficient officer. Dr. Merritt retires with the esteem of all, having filled the office with great acceptability.

A Gentleman who has travelled through Carroll, Baltimore, Harford and Cecil counties, in Maryland, says that the growing wheat crop, in New Castle county, is looking much better than it does in either of those counties.

The annual meeting of the "Fruit Growers' Association of Delaware and Maryland" convenes at Odessa to-day, at 1 o'clock, P. M. to transact business of vital importance connected with the fruit interest.

The Old Folks Concert, given at the Town Hall, on Wednesday evening, for the benefit of the Library, has been pronounced a complete success; and there has been a very general desire expressed that it should be repeated, at an early day. The audience was large and appreciative, and manifested their delight by the most hearty applause. The antique costume occasioned much merriment, and the effect was highly gratifying to all present. The singing was received with much applause, the several pieces rendered with artistic effect highly creditable to all concerned. The comic part of the programme was enthusiastically encored, and additions given "not in the bills." Nothing better, if as good, was ever presented by Carncross & Dixie, and it literally "brought down the house."

Attention is called to the notice of the meeting of the Peninsular Peach Growers Association in another column. The Association will meet at Dover, on Tuesday, the 21st inst. and it will probably be the last meeting of the Association, this season. A general attendance is therefore desired.

A lap blanket worth about eight dollars, was stolen from off the clothes line in the garden of Mr. Joseph H. Walker, of this town, on Wednesday last. Thieves are as plenty as blackberries and seem to be ever on the alert.

KENT COUNTY RAIL ROAD.—Mr. Wingate, the Engineer, informs us that the next six miles of the Railroad west of Kennedyville, is about ready for the iron. The grading and bridging will be done next week; the ties are nearly all delivered and paid for.

Elijah Hitch, of Sussex county, has two peach trees that bear two perfect crops of peaches each and every year. The fruit is of the very best quality and the yield large. So says the *Sussex Journal.*

Our thirsty denizens should call at McKee's, this hot weather, and try his soda water. We smack our lips over it, occasionally, and can testify that it is not "hard to take."

Mr. Samuel W. Roberts has sold out his Stove and Tin establishment in Galena, Md. to William J. Morris, who will continue the business.

The Odessa Festival will be continued this evening. The Brass Band will be in attendance.

John A. Jones has been appointed by Governor Saulsbury, constable for Middletown.

REMARKS OF HON. B. T. BIGGS,

Of Delaware, in the House of Representatives, June 2, 1870, on the bill (H. R. No. 2045) to reduce internal taxes, and for other purposes. Mr. Biggs. Mr. Speaker, the tax on incomes is in my judgement, uncalled for and in direct conflict with the spirit of our free institutions. I honestly believe the constituency I have the honor to represent on this floor are opposed to the continuation of the law. Congress in its enactment gave a solemn pledge to the country that it should not longer continue than the year 1870. The people then bore it patiently and answered its demands with the full expectation that it should cease to exist during the present year. Look a moment at the swarm of officeholders you create by this law. The honorable gentleman from Pennsylvania, [Mr. Kelley] told us yesterday they amounted to twenty-seven hundred and sixty-one, nearly three regiments of men, scattered broadcast over the land, sucking the very life-blood out of an already burdened and over-taxed people.

The amount of income collected is reported to be about thirty million dollars annually. How much the Government received after the twenty-seven hundred and sixty-one officeholders engaged in its collection we are left to conjecture. Our population is now estimated at forty millions. The number paying income amounts to some two hundred and seventy thousand. Can it be possible that so small a number in the United States only have an income exceeding $1,000? Mr. Speaker, this law encourages fraud, holds an inducement to men to be dishonest, is not only oppressive upon the industry of the country, but inquisitorial, even to the searching every man's safe, and making known to the public his prosperity or adversity. This tax was imposed upon the people as a war measure, and now the war has ceased it should die. There is no people on the globe to-day taxed as are the Americans.

This bill proposes to exempt $1,500 instead of $1,000, as in the present law. Now, let us for a moment look at the injustice of this. A has $25,000 in Government, securities, for which he receives $1,500 interest annually. B has a farm worth $25,000. On that farm he pays county, road, State, school, and poor tax; and by frugality, encomy, and close attention to business, if he makes more than $1,500 per annum, you tax him five dollars upon every $100 he makes, while the bondholder pays you nothing, and all the labor he performs is to cut off his coupons twice a year and collect his interest. Here, then, we see the farmer taxed beyond indurance, and the bondholder free. Mr. Speaker, this is unwise legislation; it is unfair, unjust and oppressive. I would tax all property, wherever found and by whomsoever possessed, whether it be in Government bonds or in realty.

But, sir, this income tax is unfair, because it taxes the enterprise and industry of those who accumulate more than a specified sum. The man of energy, of activity, of industry, of perseverance, who rises early, who toils day and night, and thereby is successful, all he makes for his family over $1,500 you send the taxgatherer after him and demand he shall pay the Government fifty dollars on every $1,000, or five dollars on every $100 he accumulates, thereby crushing every motive he has to industry, while your legislation rewards the indolent. My honorable friend from Indiana, [Mr. Kerr], whose clear head and sound judgement seem to grasp almost every subject as by intuition, told us yesterday that if this tax was burdensome, "so are all taxes." Sir, with all due respect, I differ with him. Lay your taxes upon the people equally; single out no particular class; let every man pay tax according to his ability, and permit no more taxes to be levied on the people than will economically administer the Government, and every true man will pay his taxes cheerfully and not consider it burdensome. But the principle involved in this bill is clearly wrong, as it seeks to establish class legislation.

But I affirm that this Government can dispense with this tax, and its credit by no means be impaired. The Secretary of the Treasury estimates the expenditures for the present fiscal year to be $315,000,000, and the receipts $393,000,000. The honorable gentleman from Pennsylvania [Mr. Kelley] estimates from customs and all other sources over four hundred million dollars, leaving a surplus of some eighty or ninety million dollars. Now, the expenditures of this Government from the year 1849 to 1859 were on an average annually only about fifty-five million dollars. Of course this does not include the payment on account of debt. And if we go a little further back, from the year 1829 to 1839, the average was only about nineteen million dollars. Prior to the year 1856, the expenditures never reached $60,000,000.

The annual expenditures of the Government in the years 1858, 1859, and 1860 were a fraction over $66,000,000 annually; but those were the days of Democracy, when the executive and legislative branches of this Government were in the hands of Democrats, who always labored to strike down extravagance in every department. Now, if we add to the $66,000,000 which it required to carry on the Government in 1859 and 1860 fifty per cent. for increase in prices, we have $100,000,000; then add fifty per cent. more for increase in population, and we have the sum of $150,000,000 as a very generous and large estimate for the expenditures of the Government. Now, suppose we add to this $25,000,000 more to go to the sinking fund. Therefore it is plain that $175,000,000 per annum will cover everything that an extravagant administration could desire. To this add $120,000,000 to pay the interest on our national debt, and we have a sum total of $295,000,000. Then, taking the Secretary's estimate of $393,000,000 for this year, and subtract the $295,000,000, which I have shown is all that is required, and it leaves $98,000,000 per annum the people are taxed, more than is absolutely necessary. Hence, Mr. Speaker, I shall vote to abolish all tax on incomes, and by so doing get clear of twenty-seven hundred and sixty-one office-holders, and relieve the people of $30,000,000 of annual taxation.

Card from James Armstrong.

THE undersigned would hereby respectfully beg leave to return his sincere thanks to the Democratic and Conservative voters of New Castle county for their partiality in selecting him as their candidate for the Sheriffalty, from among so many other gentlemen, whose names were presented to them on Saturday last, any one of whom would have done honor alike to the office and the great party to which they so long and faithfully adhered.

It would afford him great pleasure to visit his friends in every Hundred in the county and to tender to each, personally, his thanks for the honor conferred upon him; but, as circumstances, which are best understood by those who are most intimately acquainted with him, render this impracticable, he adopts this as the only available mode of expressing his gratitude to his fellow-citizens for their past support and of soliciting a continuation of the same at the ensuing general election, pledging himself, that, should he be so fortunate as to be elected to the said office, he will discharge its duties with honesty, fidelity, and to the best of his humble ability.

VALUABLE LANDS
AT
PUBLIC SALE.

THE undersigned, intending to remove South, will offer at Public Sale, at the Hotel in Kennedyville, Kent county, Md., on

Wednesday, the 22d day of June, 1870,

at 12 o'clock, M., his LANDS in Kent County, situate about 6½ miles from Chestertown, and about two and a half miles from the Railroad Depot at Kennedyville,.

THE HOME FARM
CONTAINS
266½ ACRES,

immediately on the main road from Chestertown to Chesterville, about three miles from the latter place, and about one mile and a quarter to Travilla's Landing on Chester River, and at which latter point there is a public road. The land has a red clay bottom, the soil is not stiff, but good for wheat, corn, oats and grass; all grow luxuriantly, and the farm is in a fine state of cultivation. There are six fields, and

A PEACH AND APPLE ORCHARD

of about Twenty Acres. About 1000 Apple Trees in bearing of choice varieties. One of the other fields has been planted in Peach Trees not yet in bearing.

The Dwelling House

Is comparatively new, and commodious. The Out-Buildings are a large Barn with basement Stable and Corn Cribs; and other buildings, all in good condition, and were erected subsequent to the construction of the Dwelling. There are also THREE TENANT HOUSES.

The farm is principally enclosed with the Osage Hedge. Division fences partly hedge and rail.

Adjoining the above farm is the

MASON FARM,
Containing about 155 Acres.

The soil is naturally good but has not been improved. A portion of it is light and adapted to truck and small fruits. There are about Ten Acres of WOODLAND, and a stream of water passing through the farm. There are two small Tenant Houses on the land.

The Farms will be sold jointly or separately to suit purchasers.

The situation is remarkably healthy.

THE TERMS OF SALE ARE:—One-fourth cash, or in ninety days after sale, and the balance in three equal annual instalments, with interest, but they may be modified.

For further particulars apply to the subscriber, on the premises, or address him at Kennedyville, Kent county, Md. or to my Attorney, the Hon. GEORGE VICKERS, at Washington city, who can give satisfactory information about my title.

A CARD

To the Democracy of New Castle County.

The undersigned takes this early opportunity to return his hearty thanks to the Democratic voters of New Castle County for the very generous support they gave him at the nomination election for Sheriff on Saturday last. Having used all honorable means to obtain the nomination, without success, he hereby pledges himself to work zealously and earnestly to secure the election of his successful competitor, James Armstrong, and urges his personal and political friends to do the same, believing that in the pending contest principles are of incalculably more importance than men, and that the man whom the people have chosen to go forward with the standard of Democracy in his hand must be recognized and supported because of the sacredness of the principles he represents.

WILLIAM H. LAMBSON.

New Castle, June 6th, 1870.

MIDDLETOWN, DEL. June 6th, '70.

To the Democratic Voters of the "White Man's Party."

I take this mode to express my grateful acknowledgments to the party for their liberal support at the late nomination election and pledge my support to the successful candidate. If providence permits, I shall be a candidate for Coroner of New Castle county, in 1872. Remember, *drive a peg there,* for if life is prolonged, I shall be on hand. JOSEPH EARNEST.

ITEMS OF NEWS.

On the summit of the Green Mountains about seventeen miles east of Rutland, Vermont, on Wednesday morning, the sleeping train of the Rutland Railroad, ran into a culvert and the passenger car turned a somersault over the engine, burying the inmates under the wreck. By this catastrophe three persons were killed, thirteen badly scalded and four otherwise injured. The sufferers were all Eastern people, with the excepion of Mr. Douglass Flint, of N. Y. who was among the scalded. An accident to the Montreal Express train on the Harlem Extension Railroad, near Clarendon, N. Y. Tuesday night, killed the fireman, smashed the engineer's leg, and injured the baggage-master. The engine and three cars ran into the river.

One of the greatest and most destructive fires that ever occurred in any city has just been subdued in Constantinople. It is reported that 7,000 houses were destroyed, and that perhaps three hundred people lost their lives. A rough estimate of the total loss of property is twenty-five millions of pounds sterling. The English under-writers lose heavily.

The Oregon Radicals give up the State. The whole Democratic ticket is elected, including the Governor and Congressmen, and the Legislature will be Democratic on joint ballot, thus shelving Mr. Williams, who is one of the men whom the Radicals can least spare in the Senate.

News from fort Garry contradicts the Toronto telegram of Wednesday as to Riel's non-combativeness. Riel will raise 3,000 men and fight the Canadian troops now straggling through the wilderness beyond Lake Superior, unless a full and unqalified amenesty is proclaimed.

Twenty-seven prisoners, fourteen white and thirteen colored, were released from the Maryland Penitentiary on Monday last, by Executive clemency. Pardon was received for one man who died just as Governor Bowie's pardon reached him.

Fears are indulged by the Minnesota delegation in Congress that the Northwestern frontier may be involved in the expected war between Riel and the Canadian Government.

Cahoon, who has been figuring for some time in connection with the Mayoralty of Richmond, Virginia, has, at last, found his level. He has been indicted for forgery, by which the State was defrauded out of seven thousand dollars.

The prospects for wheat in England are said to be very good, and more than an average yield is expected. Hay, oats, barley and beans not promising. Of potatoes about half a crop is looked for.

In New York, on Tuesday, the corner stone of the new Masonic Temple was laid with imposing ceremonies. The procession on the occasion included 40,000 Masons, and is considered the finest Masonic display ever witnessed in that city.

The English police think that they have discovered manifestations of a Fenian plot in many places. Arms and munitions have been seized, and arrests made. The excitement is unabated, and the authorities continue on the *qui vive.*

Moses Wingate died at Haverhill, Mass. on Monday, in the 107th year of his age. He served in the Massachusetts Legislature, and was a member of the State Constitutional Convention of 1820.

A severe and protracted drought is prevailing in Maine, and the hot term continues unabated. This has very seriously affected the lumber interest. Logs are much wanted, and holders ask their own prices.

Hon. E. Joy Morris, minister resident at Constantinople, Turkey, is to be superceded by Hon. Wayne McVeigh, of West Chester, Pa. He will soon return to Philadelphia, his former home.

Apprehensions about the Fenians are not yet wholly allayed in England, and the Pall Mall Gazette thinks that the leaders must do something to sustain their sinking reputation.

Two more British war vessels, the Royalist and Philomel, are now at Halifax, N. S. and have been ordered to the fishing grounds.

Small pox is prevailing in Paris, 195 deaths occurred there last week.

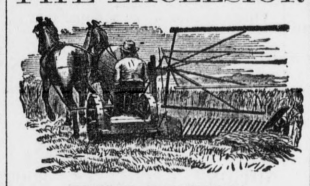
THE EXCELSIOR



DROPPING REAPER AND MOWER,

FOR 1870.

HAVING received from the manufarturers, a car-load of these justly celebrated machines, improved and built expressly for this section of the country, we ask our farmers to examine them before purchasing elsewhere.

There are three styles of Excelsior, to suit various customers.

THE SENIOR EXCELSIOR

With wood frame, has been before the public for the last ten years, and has no superior.

THE IRON-CLAD EXCELSIOR

Combines the accumulated improvements of the Senior Wood Frame, and has several features peculiar to itself. It has an enclosed iron frame constructed on the prinoiple of the arch, so as to combine enormous strength, with great lightness.

THE JUNIOR EXCELSIOR

Is mounted on small wheels, of the same dimensions as the Buckeye. To those who want a Junior, we confidently recommend this machine.

RUSSELL

Combined Reaper & Mower

WITH DROPPING ATTACHMENT.

It is with an unusual degree of confidence that we present this machine to the public for the harvest of 1870, it having passed through the trials of the past nine years with entire success. We feel confident that for utility, lightness of draft, strength, and durability, it has no superior.

This assertion we propose to make good to all who purchase these machines. To any one wishing a Rear Cut Machine, we offer the Russel.

Russell Separators.

It is impossible for us, in this brief notice, to speak of all the points of utility and excellence embraced in these machines, and must content ourselves with a mere mention of a few of them, and invite you to examine the machine. We will furnish either the open or closed cylinder, spiked with the very best of iron. The cylinder shaft is made of steel, and fitted with brass boxes lined with the best Babbit metal. The gear shafts are made of steel, and run in boxes lined with Babbit metal. The gearing is made of the best of charcoal iron, and fitted in the best possible manner. The cylinder is perfectly adjusted, by men of long experience. The cylinder cap is so constructed that the cylinder will not throw dust into the face of the feeder. The grain-carrier is ten inches wider than the cylinder, affording ample room to obtain a perfect separation. The revolving knocker in the second carrier is of great value in securing the grain, The double fan will clean grain of all kinds, in the most perfect manner, without waste. The revolving and vibrating shoe-rakes are very useful in preventing the choking or filling up of the shoe and elevator. The arrangement for raising and lowering the concave is very simple and easily operated. The self-oiling and noiseless shake-rods, for the shoe and elevator spout, must be seen to be appreciated. The small shafts are made of good iron, the Journals turned, polished, and fitted in the boxes perfectly. The boxes are lined with Babbit metal, and fitted with oil cups and caps to keep out the dust. The pulleys are made of cast-iron, covered with leather, to prevent slipping. The belts are of good oak-tanned leather, well stretched, cemented and riveted together.

Double Pinion Horse-Power,

WITH RUSSELL'S PATENT MOVEABLE CENTER.

Russell's Improved Double Pinion eight and ten-horse Cary Power, with moveable centre, has long been in use, during which time it has withstood the most severe tests, and for light draft, strength and durability, it has no equal. The moveable centre, is of great value, for by its use the master wheel is allowed to adjust itself to the master pinions, so as to divide the labor equally, thus overcoming friction, and removing to a great extent the liability to break by sudden jerks or starts of the horses. The 4 and 6 horse power is essentially the same as the eight and ten, except in size.

The spring coupling fork is now attached to the line shaft of the power, and is made with a reversible dog, by taking off the coupling fork and changing the dog, the horses may travel either to the right or left.

THE RIGGS GANG PLOW.

This invaluable implement has been in use in this section of the country for a number of years, and has no superior. We refer to Wm. Knight, Cecilton Md. S. F. Shallcross, Middletown, Del.

We shall continue to furnish the justly celebrated Steel Tooth Stoner Rake; also Taylor's New Improved Independent Steel Tooth Rake—the great favorite of the west.

The above named machines, together with all the standard Agricultural Implements, for sale at the

Agricultural Warehouse OF E. T. EVANS,

MIDDLETOWN, DELAWARE.

THE VALVE JAR.

We invite the attention of the public to the merits of a new Fruit Jar, patented March 10th, 1868. It embraces all the elements of a Complete Jar, and obviates every objection urged against those now in use. It is known that various Fruit Jars have been advertised as self-sealing, but experience has proven that no self-sealing jar has heretofrore been made. The fastening of this Jar is a spring wire coil, unlike any known jar fastening, the pressure of which is brought to bear directly upon the cover, which is raised imperceptibly by boiling, and being closed by atmospheric pressure, it operates as does a safety valve, and when the Jar is removed from boiling water, it is instantly self-sealed. We request a critical exanination of its simplicity and efficiency, also a comparison with all other Jars. The trimmings consist of three pieces: 1st. the Coil, 2d. the Tin Cover, 3d. the Gum Ring. A sample Jar, with coil, cover, gum ring, and "cooker," will be carefully boxed and sent to any address, upon receipt of 50 cents.

Cereals, Fruits, all kinds of Berries, Peaches, Apples, Pears,

His House is said to be most eligible, ample accommodations, airy, and finely adapted to the sale of Home Productions, and the preservation of perishable fruits.

As the Peach World will be pressing, and the sale immense, it may be well that those who wish the services of this House should make previous engagements, as engagements will be many; and it is desired, so that they may be prepared for the market; and they will not sell the inferior productions without the good and the best.

Middletown, Del. Feb. 28, 1868.

MESSRS. WALTON, WHANN & CO.—*Gentlemen*: I used Whann's Raw Bone Super-Phosphate on my corn last spring, and on my wheat in the fall. In each case it produced an excellent crop. Wishing to determine which of the different phosphates would pay me best, I tried several, and am glad to say the yield was much the best where I used Whann's. I shall continue to use it, and cheerfully recommend it to my neighbors.
A. T. STOOPS.

Middletown, Del. March 17, 1868.

MESSRS. WALTON, WHANN & CO.—*Gentlemen*: I have been using Whann's Phosphate for some time past alongside of the popular fertilizers, and have come to the conclusion it is as good as any other. I am going to use ten tons this spring.
Yours truly, HENRY CLAYTON.
